

FACT SHEET

UPDATED: 01.04.23

PROJECT STATUS

Project design began in June 2018 and a CPP meeting was held in March of 2019. The initial project design was delayed due to numerous challenges with easements, utilities, and private developments affecting trail alignment. The project is still in the design phase and the construction phase is unfunded.

PROJECT BUDGET

The project's construction budget is approximately \$4.8 M (as of 2022). Construction for the project is not yet funded.

PROJECT LOCATION

Along Rancho Santa Fe Road from Encinitas Blvd. to El Camino Del Norte.

CONTACT US

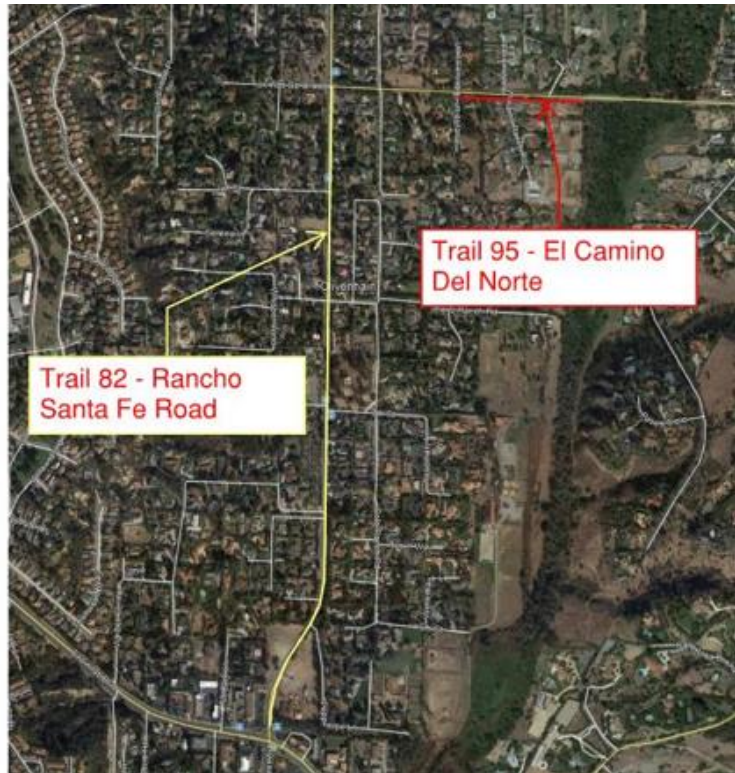

For questions or concerns about the project, please contact Project Manager Ben Stryker, Engineer I in the Engineering Department at: 760.633.2230 or BStryker@encinitasca.gov

City of
ENCINITAS

Trail 82

Rancho Santa Fe Road – Encinitas Blvd. to El Camino Del Norte

ABOUT THE PROJECT

This project will incorporate existing trail elements along the east side of Rancho Santa Fe Road and provide a multi-use trail that connects Encinitas Boulevard to Camino Del Norte.

Trail 82 consists of a DG trail that runs 4,900 feet long. It will have a composite fence that runs the length of it on the traffic adjacent side.

This project supports the Recreation, Community Planning and Environment focus areas of the City's Strategic Plan by promoting active lifestyles and community health by furthering access to trails, parks, beaches, and other recreation opportunities; maintaining safe and livable communities through well-maintained infrastructure and facilities; and by being good stewards of open spaces, beaches, parks, and the natural environment.
